## Mayor Pro Tem Masimini Profiled in *STATE IN MOTION*

Mayor Pro Tem Dulani Masimini was recently profiled in the June *STATE IN MOTION* newsletter published by TEX-21 (Transportation Excellence for the 21<sup>st</sup> Century).

Masimini, a city member representative of TEX-21 since August, 2007, considers his role in that organization as an important one for the City of Forest Hill and the development of transportation plans for the community. "TEX-21 plays an integral role in my position on the Council. The organization provides me with

the support needed to keep Forest Hill in the forefront of having our voice heard on transportation issues, especially when we meet with legislative officials in Austin."

Mr. Masimini's ambitions and goals continue to be to make improvements to city streets and infrastructure, and to address transportation needs for our growing city. He adds, "TEX-21 helps shape the policies that keep Forest Hill and municipalities like ours in the driver's seat. We need to lead the way in order to keep moving forward."

## Electronic Billboard Lighting up Forest Hill

Have you noticed the new billboard lighting up Forest Hill?

It's the latest in digital advertising and it's come to our city, thanks to the folks at Clear Channel Outdoor. This innovative changeable electronic variable message sign, or CEVMS, is one of only 20 in the Dallas/Fort Worth area. The 14 feet high by 48 feet wide sign is located on California Parkway; the sign image faces west. The outdoor company met with city staff, discussed the project last year and after approval by the City Council, the process began.

The message changes every eight seconds and the advertising is coordinated through Clear Channel Outdoor sales representatives. However, any unsold "time" is given to the city for its use in promoting events, meetings and the like. It can also be used in emergency situations like Amber Alerts or road closures.

"This is an incredible opportunity for the city to promote itself in a BIG way," said Mayor James Gosey. "We can reach out and touch the people who may not live in Forest Hill but who use Interstate 20 every day and tell them about our great city," he added.

With the more than 240,000 cars that travel through our city daily, that's a lot of eyeballs. "The potential for our businesses to advertise as well have an additional avenue for the city to promote itself is tremendous," said Venus Wehle, Director of Economic Development and Community Relations. "This new sign once again puts Forest Hill on the map as a progressive city, thinking and planning ahead for our future and for the future of our businesses."

If you'd like information on advertising, call Clear Channel Outdoor at 817-640-4550.

## Watering restrictions continue through summer

No lawn or landscaping watering or irrigating is permitted between the hours of 10 a.m. and 6 p.m.

Hand watering or using soaker hoses is permitted. Hand watering is allowed while you are standing in your yard with a hose or watering can. Hoses connected to sprinklers or hoses left open-ended are not allowed during the restricted hours.

Why the restrictions during the daytime hours? Evaporation is generally highest from 10 a.m. until 6 p.m. due to wind, sunlight and high temperatures. When you water outside of this time period,

more water will seep into your landscaping, grass, trees and plants; that means less will be lost to the atmosphere because of evaporation.

Check your automatic sprinkler system timer settings. Make sure they're not set to run during the restricted time period. Citations may be issued if homeowners are not complying with these guidelines.

Use water wisely. Conservation is the

key to a plentiful supply in the future. For more information about watering restrictions, call the Code Compliance officer at 817-531-5720.

## Tax-Free Back-to-School Shopping set for August 20 - 22

Texas shoppers get a break from state and local sales taxes on August 20, 21 and 22 - the state's annual tax holiday. Lay-away plans can be used again this year to take advantage of the sales tax holiday.

As in previous years, the law exempts most clothing and footwear priced under \$100 from sales and use taxes, which could save shoppers about \$8 on every \$100 they spend. Backpacks under \$100 and used by elementary and secondary students are also exempt. A backpack is a pack with straps one wears on the back. The exemption during the sales tax holiday includes backpacks with wheels, provided they can also be worn on the back like a traditional backpack, and messenger bags. The exemption does not include items that are reasonably defined as luggage, briefcases, athletic/duffle/gym bags, computer bags, purses or framed backpacks. Ten or fewer backpacks can be purchased tax-free at one time without providing an exemption certificate to the seller.

- baby clothes
- belts with attached buckles
- caps/hats
- dresses
- gym suits and uniforms
- hosiery
- jeans
- jogging apparel/sweat suits
- jerseys
- raincoats/ponchos
- shirts
- shorts
- underclothes
- diapers
- boots - cowboy, hiking
- coats and wraps
- gloves
- hooded shirts and sweatshirts
- jackets
- pants/trousers
- neckwear and ties
- pants
- robes
- shoes
- sweaters

The 81st Texas Legislature passed HB 1801 (2009) expanding the list of items qualifying for exemption from Texas state and local sales and use taxes during the annual sales tax holiday in August. Effective this year, in addition to clothes, footwear and some backpacks, Texas families also get a sales tax break on most school supplies priced at less than \$100 purchased for use by a student in an elementary or secondary school.

For more information, call the Texas Comptroller's office toll-free at 1-800-252-5555.

Hundreds of Forest Hill residents had the opportunity to learn about their new ONCOR smart meters at an event held in July at the City Hall compound. They were able to tour the Mobile Experience Center, learn the benefits of the new meters and ways to save money on energy usage. The event was featured on NBC5 news that evening.

In case you have room next to that there is another picture:  
There was fun for the entire family at the recent ONCOR Mobile Experience. Organizers of the summer lunch program provided a water slide/bounce house for the youngsters.

Kiaunte Martin, a student at David K. Sellars Elementary, went to the White House to meet President Obama during the annual 2010 Easter Egg Roll. A celebratory assembly was held in the school auditorium, where students, faculty and Kiaunte's father came to say "congratulations."
