# City of Forest Hill Re-Plat Regulations

## ARTICLE 9 - REPLATS

### Section 9.01 - General

**Replating without Vacating a Preceding Plat:** A replat of a subdivision or part of a subdivision may be recorded and is controlling over the preceding plat without vacation of that plat if the replat:

1. is signed and acknowledged by only the owners of the property being replatted;
2. is approved, after a public hearing; and
3. does not attempt to amend or remove any covenants or restrictions.

### Section 9.02 - Submittal Requirements

All requirements of *Final Plats Submittal Requirements* shall be satisfied for submittal of a replat and the following minimum certification shall be shown on all replats:

*"This plat does not alter or remove existing deed restrictions or covenants, if any, on this property."*

### Section 9.03 - Public Hearing and Written Notice Required

Replats which do not show the executed deed restrictions statement, shall be processed in accordance with Texas Local Government Code Sections 212.014 and 212.015 as follows:

1. Notice of the hearing shall be given before the 15th day before the date of the hearing by:
  - a. Publication in an official newspaper or a newspaper of general circulation in Tarrant County; and
  - b. By written notice to the owners of lots that are in the original subdivision and that are within 200 feet of the lots to be replatted as indicated on the City's most recently approved tax roll.
  - c. If the proposed replat requires a variance from this ordinance and is protested in accordance with state law, the proposed replat must receive, in order to be approved, the affirmative vote of at least three-fourths of the Council members present. For a petition to be valid:
    - The petition must be signed by the owners of at least 20 percent of the area of the lots or land immediately adjoining the area covered by the proposed replat and extending 200 feet from that area but within the original subdivision.
    - The petition must be submitted to the Commission or Council prior to close of the public hearing.
    - The signatures on the petition must correspond with actual names listed on the most recently approved municipal tax roll.

- All protests must be submitted to the Commission or its Secretary and must contain verification by the person submitting the protest of the signatures contained thereon.

#### **Section 9.04 - Exemptions**

- A. Compliance with Section (b) above is not required for approval of a replat if the area to be replatted was designated or reserved for a use other than single or duplex family residential use by notation on the plat or in the legally recorded restrictions applicable to the plat.
- B. Council Review Required: If the owners of at least 50 percent of the property in the notification area outlined in Section 9.03 above provide written protest of the request, the replat shall be considered by both the Planning and Zoning Commission and the City Council.

#### **Section 9.05 - Processing of Replats**

- A. **Approval and Filing of Replats.** If the Commission and/or Council approve a replat, it shall be filed of record upon compliance with requirements of this ordinance including compliance with all DRC comments and all conditions of approval.
- B. **Denial of Replats.** If the Commission and/or Council determines that the replat does not comply with the requirements of this ordinance, then the replat shall be denied. Failure or refusal to comply with all conditions of approval attached to the replat shall automatically cause the replat to be deemed denied as of the date of its conditional approval.

#### **Section 9.06 - Revised Preliminary Plat Required for More than Five Lots**

**Revised Preliminary Required for More than Five Lots.** A revised preliminary plat is required for a replat involving five or more lots. The revised preliminary plat shall follow the procedures in Article 5.

- A. **Requirement May be Waived.** The Planning Director may waive the requirement for a revised preliminary plat when the replat does not change the street right-of-way location or width, does not increase the number of lots, and does not have a substantial effect on City services, drainage or adjacent properties. Upon receipt of such waiver, the applicant shall follow the procedures in Article 9.
- B. **Area Requirements.** A revised preliminary plat shall include all the area within the limits of the original preliminary plat unless this requirement is specifically waived by the Planning Director.

RE-PLAT FEES: \$700.00 plus \$10.00 per lot
